PARKING SOLUTIONS

IPS Frictionless

Reduce Congestion. Rethink Compliance. Maximize Revenue.

Private operators are under pressure to deliver efficient, profitable, and flexible parking systems. With IPS' next-generation frictionless solution, operators can streamline performance, enhance the parker experience, and maximize revenue potential across every property. The solution also creates faster entry and exit, minimizes downtime, and reduces operating costs - all while delivering a premium experience that keeps both operators and parkers satisfied.

KEY BENEFITS

- Reduce Operational Cost
- Create a Better Parking Experience
- Maximize Utilizaton
- Enable Smarter Enforcement

Hosted in the Data Management System (DMS)

Gain comprehensive visibility into your entire parking ecosystem, from enforcement and utilization to compliance.

Make Data-Driven Decisions: Optimize operations through a complete 360-degree view that drives efficiency and informed decision-making. Use real-time data to drive efficiency, improve uptime, and increase profitability.

Flexible and Scalable: Seamlessly integrate with existing IPS or third-party infrastructure and expand as your operations grow. Gateless LPR systems lower installation and maintenance costs while enabling remote updates with minimal downtime.

A Seamless Parking Experience
