

TEXT-TO-PAY™

Enhance the customer payment experience with TEXT-TO-PAY™. Customers can pay for parking via a secure browser link, scanning a QR code, or sending a text – no registration needed!

IPS takes care of all implementation and backend setup, including custom sign and decal production. It's easy to personalize rate structures, track live alerts, and export analytics with IPS's fully integrated digital payments platform.

KEY BENEFITS

Effortless Transactions: Text a zone number or scan a QR code to pay for parking on your smart phone – no app needed.

Remote Extensions: Increase compliance and drive more revenue with expiration reminders and remote session extensions.

Digital Confirmation: Keep customers informed with instant text or email receipts and live session countdown timers.

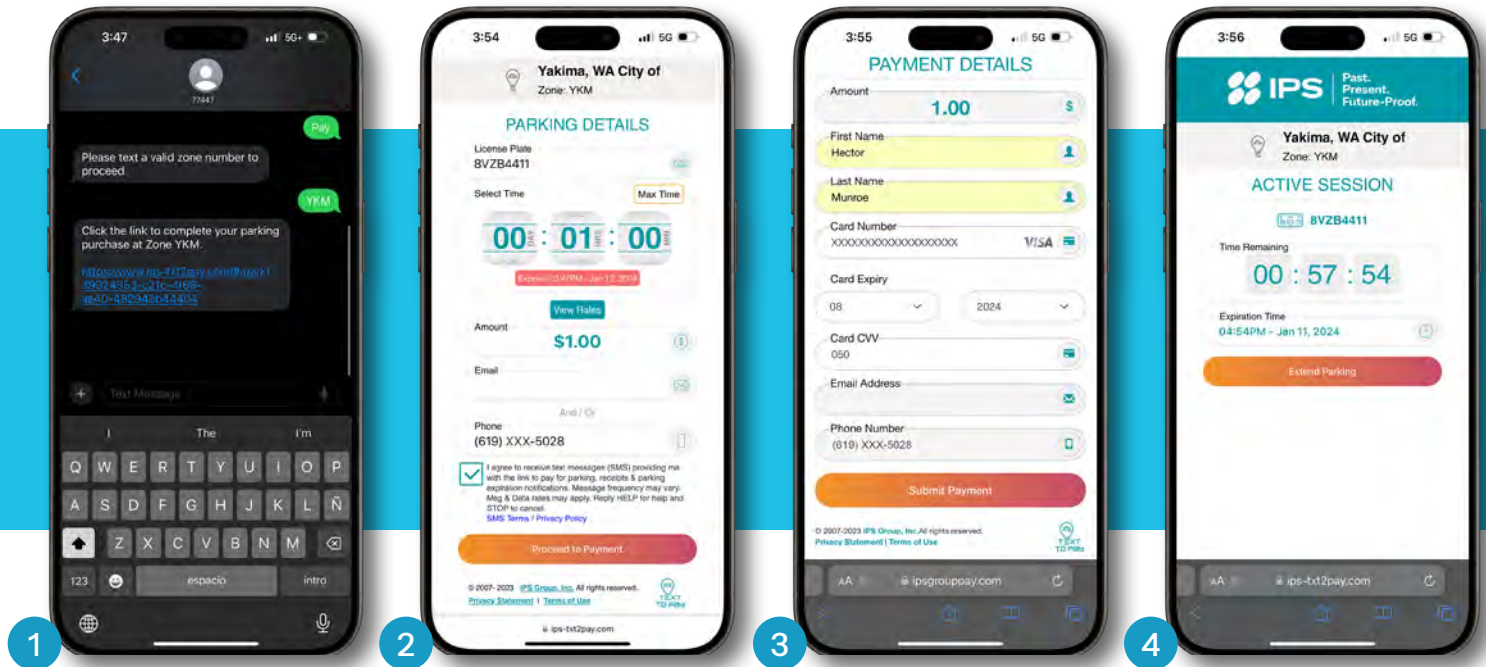

Signage Package: Simple, no-maintenance infrastructure. From design to production, IPS delivers high-quality signs and decals tailored to your needs.

Easy to Integrate: Deploy TEXT-TO-PAY™ alongside payment apps, kiosks, and meters or as a stand-alone solution.

STEPS TO PAY

1 Scan QR code or text PAY to 77447 and send zone/meter number to get payment link.

2 Enter meter/spot or license plate number, set parking time, and add contact method.

3 Confirm parking total, enter payment details, and submit secure digital payment.

4 Download receipt, check remaining time, and remotely pay to extend parking session.
