

# Integrated Parking Solutions For Higher Education

IPS offers a fully integrated solution tailored to support the unique challenges of higher education. Whether you work for a small college or a large, multi-campus university, IPS provides diverse customization options and scalability to evolve with your organization.

## A COMPREHENSIVE, END-TO-END SMART PARKING SOLUTION

## CENTRALIZED PARKING MANAGEMENT & OPEN API

Whether you work exclusively with IPS or a mix of third-party solutions, the IPS Data Management Solution can centralize all your parking data and provide a single source of truth for your entire department. With open API architecture and a team of integration experts, IPS ensures your systems work together seamlessly, including SSO, Campus ERP, and other critical tools. No matter your integration needs now or in the future, IPS is built to integrate quickly and easily.

## PERMIT MANAGEMENT

Supports the full administrative life cycle from design through fulfillment for any permit program and is fully integrated with our Enforcement Management Solution.

- Students, faculty, and staff can easily apply, manage existing permits, and pay fees online
- Parking staff have 24/7 access to fully manage all digital and physical permitting processes, view permit info, and generate comprehensive reports

## ENFORCEMENT MANAGEMENT

Take the headache out of managing citations with enforcement tools that adapt to your evolving enforcement needs. Built from the ground up to replace outdated systems, it helps compliance teams stay organized, respond faster, and offer a better experience for the campus they serve.

- **Mobile System** – Supports Android and iOS. Syncs in real-time and ensures a convenient and efficient citation issuance process.
- **Data Management System** – handle everything from issuing citations to adjudication, sending notices, processing payments, working with the DMV, and managing collections

## HARDWARE

For visitor and other non-permit parking zones, IPS offers Single-Space Smart Parking Meters and Multi-Space Pay Stations. With flexible payment options, minimal maintenance, and remote access via the IPS Data Management System, IPS meters ensure a stress-free parking experience for alumni and visitors.

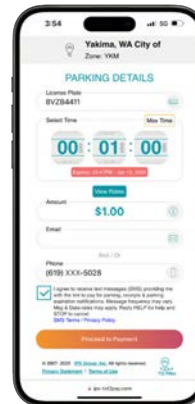

## PARK SMARTER™

Make parking easier for your alumni with the Park Smarter app! The Bluetooth-enabled app is available to IPS meter customers at no additional cost.

- Find available parking
- Pay and extend parking sessions
- Get real-time expiration alerts
- Review receipts

## TEXT-TO-PAY™

- Make paying for parking a breeze. Drivers just scan a QR code or send a text – no app needed
- As with all IPS services, easily manage rates, policies, alerts, reports, and more in the Data Management System
